Sir:

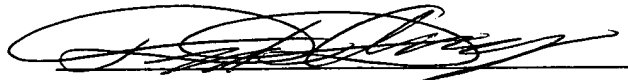

**RESPONSE TO FIRST OFFICE ACTION
AND SUBMISSION OF A TERMINAL DISCLAIMER**

This is a response to the June 15, 2005 Office action for the above-identified patent application. Claims 1-42 are presently pending in the application. In the Office action, all of the pending claims were indicated to contain allowable subject matter over the prior art of record. However, claims 1-10, 19-24, 27-31, and 38-42 were provisionally rejected under the judicially created doctrine of obviousness-type double patenting over Applicant's pending U.S. Patent Application Serial No. 10/660,904, from which the present application claims priority. Enclosed with this Response is a Terminal Disclaimer with respect to U.S. Patent Application Serial No. 10/660,904. Applicant submits that all pending claims are now in a condition for

formal allowance. Should there be any questions or remaining issues that may be addressed in a telephone interview, the Examiner is invited to contact Applicant's undersigned attorney at the number listed below.

Respectfully submitted,
